Spring Cleaning just got a whole lot easier...Clear out the clutter. Eliminate unnecessary storage while taking part in a community effort to improve our environment.

Help Academy Schools' students preserve our future. Bring your unwanted electronics, including cell phones, computers, flat screen monitors, laptops—as well as household items, gently used clothing & accessories, toys, etc.

You bring the "stuff", we'll provide the muscle!

Thank you to ur partners: Living Green Technology, Value Village and Weyerhaeuser.
