

Trees

The City of Tukwila has adopted new rules on the number of trees that can be removed from a single-family zoned property with a house.

Four 6-8 inch diameter trees may be removed over a 36-month period without a requirement to replace canopy.

Please use this No-Fee Tree Inventory Form to tell us about your plans for tree removal on your property.

To remove trees larger than 8 inches in diameter, please use a Tree Permit. Trees smaller than 6-inches in diameter may be removed without this Inventory Form.

Call Before
you **Cut** those
Trees!

- Want to remove a tree shading your home?
- Is a tree causing your driveway to buckle?

NO-FEE SINGLE FAMILY TREE INVENTORY FORM

Up to four trees, 6 - 8 inches in diameter may be removed in a 36-month period without tree canopy replacement. Please provide the information requested in #1, #2 and #3 below.
Attach extra sheets if necessary.

Requestor Name: _____ Phone: _____

Site Address: _____

E-mail: _____

Owner Signature (acknowledging and supporting request) _____

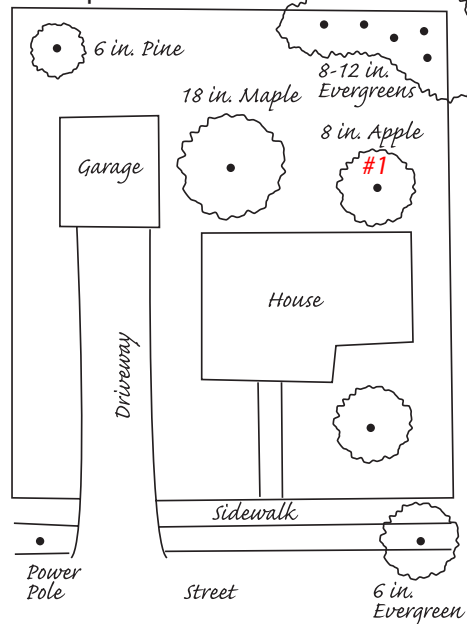

1. Provide a photo of the tree(s) to be removed

2. Draw site plan here

- Please show all trees on property
- Number each tree to be removed
- Show buildings, roads, and utility lines

Or attach a Google map to show us the site and trees to be removed.

Example Site Plan:

3. List of trees to be removed

Tree # from site plan	Type/Species (if known)	Size (dia)*	Location	Name of person removing tree (self or contractor)	When will tree be removed?
(example) #1	Apple	8"	East of garage behind house	ABC Arborists	

* Measure or estimate the diameter of the tree trunk at 4¹/₂ feet above the ground. To determine diameter, measure around the trunk and divide by 3.14. Note if there is more than one trunk per tree.
