Schematic Design Underway

CAPITAL PROJECTS

Tukwila Community Center Turf Field Conversion ***Estimated Budget: \$2.2M***

This project is part of the Tukwila Community Center Master Plan, which also includes, among other projects, the Tukwila Community Center Riverside Campus and Canoe Launch. This project will include, but is not limited to, a conversion of the grass field at Tukwila Community Center to synthetic turf and the eventual installation of field lighting to allow for nighttime usage. This project is currently in the design stage and has received a \$250,000 Youth Amateur Sports Grant from King County, as well as a \$1,000,000 earmark as part of the 2026-2031 King County Parks Levy. Construction is currently slated for late 2026.

Project currently in the Schematic Design stage and continuing to seek funding.

CAPITAL PROJECTS

Joseph Foster Memorial Park Turf Field Conversion

Estimated Budget: \$2.2M

This project is part of the Joseph Foster Memorial Park Master Plan, which also includes among other projects, multiple improvements such as athletic activity spaces, playground improvements, and walking paths. This project will include, but is not limited to, a conversion of the northern field at the park to synthetic turf and the eventual installation of field lighting to allow for nighttime usage. This project is currently in the design stage and has received a \$250,000 Youth Amateur Sports Grant from King County. Construction is currently slated for 2027.

Project currently in the Schematic Design stage and continuing to seek funding.

CAPITAL PROJECTS

Riverton Park Playground Replacement

Estimated Budget: \$1.37M

This project includes a complete replacement and redevelopment of the play space located at Riverton Park. Improvements include, but are not limited to, new play structures, swing sets, and other age-appropriate play elements for youth ages 2 to 5 and 5 to 12; an expanded picnic shelter; active-play landscaping improvements; and new plantings for additional shade and a rest area. This project is in the design stage and has received a \$500,000 Local Parks Grant from the Washington State Recreation & Conservation Office. City staff is currently exploring a partnership on this project with the non-profit KABOOM!, with which the city recently partnered to complete the Duwamish Park Playground Replacement in Q3 2025. Construction is currently slated for late 2026.

Project currently in the Schematic Design stage and continuing to seek funding.
