Jocelyn Shelby

My passion and focus is to make your fitness journey FUN and challenging. I have more than 20 years of experience in the fitness industry, working with all ages, backgrounds and levels of fitness. My goal is to help you find what works for you, teach you how to eat healthy and maintain a long-term active lifestyle.

Kerry James

My training philosophy:

- > Focus on the fundamentals of movement
- > Apply the five components of fitness, which include: muscular strength, body compositions, muscular endurance, cardio respiratory endurance, and flexibility
- > Teach workouts that clients can also recreate on their own
- > Workouts are tailored to individual needs
- > For sports specific training, I challenge the athletes to reach their full potential
- > Reachable goals

This Could Be You!
