CONCURRENCY TEST NOTICE SURFACE WATER

For all development except one single-family residence, 2-9 lot short plats, four-plex or smaller multi-family residence, or non-residential development that is categorically exempt from SEPA. Submit a detailed project description including location, existing facilities, and proposed facilities.

PROJECT ADDRESS: _____ **PARCEL #:** _____

Contact's Name: _____

Contact Phone #: _____ **Contact e-mail:** _____

Contact Address: _____

_____ **PASSED** This test notice is valid for 90-days from signature date.

Capacity of the concurrency facilities combined with the addition of any detention (if required) for the proposed development is equal to or better than capacity required to maintain the established level of service standard. Compliance with the City's adopted Surface Water Manual ensures concurrency and any additional items noted below.
