## Celebrating the world's game – together!

What a year for Seattle sports! In the fall, we watched as the Seattle Mariners came within one game of making the team's first World Series appearance. Then in February, we celebrated as the Seattle Seahawks won their second Super Bowl in dominant fashion.

And yet, as exciting as those moments were, they will not even be the biggest sports celebration in our region this year. In June, Seattle will welcome the 2026 FIFA World Cup™ and host six matches. With our close proximity to the airport, concentration of hotels, and excellent access to transit, Tukwila will be a major destination for fans as they come to the region for the matches.

SEA26

TUKWILA26

More importantly, in a global community like Tukwila, soccer is a unifying thread that connects us all. When I'm out in the community, I love seeing kids from different countries, who speak different languages, coming together to play a common game — soccer, football, or fútbol. When they play, the differences in their spoken languages fade away, replaced by the shared language of the game. That is what makes soccer so special. It's also why I'm so excited to welcome fans from across the nation and around the world to our community this June.

Tukwila is getting ready to host the world. I encourage you to visit **Tukwila26.com** to learn more about the City's World Cup planning efforts and the fun activities we have planned to celebrate this once-in-a-lifetime sports event.

*Mayor, City of Tukwila*

# Council Corner

By Armen Papyan, 2026 Council President

In my role as Council President, I chair the city's Lodging Tax Advisory Committee (LTAC). While the name may sound a bit technical, this committee is responsible for very interesting and impactful work, supporting tourism and helping make Tukwila a welcoming destination.

With more than 2,000 hotel rooms, Tukwila welcomes a significant number of overnight visitors each year. People come to our city for many reasons: business travel, visiting family, medical appointments, sporting events, and vacations. These visitors support our local economy and help strengthen our community. Tukwila also sees a significant number of day tourists who come here to dine, play, and shop.

Washington State law allows cities to collect a lodging tax on eligible overnight stays in local hotels. Because of the large number of hotel rooms in Tukwila, we are able to collect a substantial amount of lodging tax revenue. By law, these funds must be used to promote tourism, including marketing, special events, and investments in visitor-related infrastructure. In recent years, lodging tax funds have supported Experience Tukwila, community cultural events, and major attractions such as the Museum of Flight and Starfire Sports.

This year, LTAC recommended, and the City Council approved, the use of lodging tax funds to invest in preparations for the upcoming FIFA World Cup™. With six matches scheduled at Lumen Field, we expect a significant increase in visitors from mid-June through mid-July. City investments include a viewing lounge at Westfield Southcenter, a community block party, and other events throughout Tukwila. In addition, we are making physical improvements to help create a welcoming environment, including banners, landscape cleanup, and additional staff to respond quickly to litter and maintenance needs during the tournament.

I hope you will join me in welcoming the world as the largest sporting event on the planet comes to our region. We have launched a special website, **Tukwila26.com,** where residents and visitors can find the latest information about soccer-related events and activities happening throughout our community.

### RECENT COUNCIL ACTIONS

- Authorized a contract funded by lodging tax with True Blue Strategies for marketing, branding and promotion services for the 2026 World Cup
- Authorized a contract with Tyler Technologies, Inc. for payroll and utility billing services.
- Authorized the transfer of general funds for capital and major maintenance and for Law Enforcement Officers' and Fire Fighters' (LEOFF) self-insured healthcare.
- Established a 6-month moratorium on the change of use, establishment, or development of facilities for the detention, transportation, and food services for people detained by local, state or federal law enforcement (Ord 2782).
