Public Involvement Summary
Open House Series 1—Public Safety Plan Kick-off

Overview and Goals

The initial in-person and online open house introduced the public to work that has been done on the Public Safety Plan since Tukwila voters approved the Public Safety Bond in November 2016. The kick-off open houses worked to help community members understand:

- The purpose, goals, and general timeline for the Public Safety Plan project
- How they could help guide and influence Public Safety Plan implementation

Key Audiences

- Tukwila residents
- Community organizations
- Tukwila businesses and employees
- Project sponsors
- Partner organizations
- Community connectors

Outreach Opportunities

An **IN-PERSON PUBLIC OPEN HOUSE** was held on Saturday, March 18 from 10:00 AM – noon at Station 54 in Tukwila. The public open house had information on the Public Safety Plan available for attendees to review, and City staff and members of the project team were available to answer questions and engage with visitors. Breakfast and childcare were available. Attendees were encouraged to provide comments on how new facilities outlined in the Public Safety Plan could help to support their community.

Key statistics from the in-person open house:

- The in-person open house was attended by approximately 65 community members (excluding event volunteers)
- Most attendees identified that they heard about the open house via the postcard (44%)
- Open house attendees primarily lived in the 98168 (44%) or the 98188 (44%) ZIP Code

Two **INTERNAL INFORMATIONAL EVENTS** were held for City employees, one on Wednesday, March 22 from 7:30 – 9:30 AM at the Emergency Operations Center training room at Fire Station 51 and one on Friday, March 24 from 1:00 – 3:00 PM in the Tukwila Council Chambers. These internal events provided City employees with opportunities to learn more about the Public Safety Plan and upcoming work.

An **ONLINE OPEN HOUSE** is also available to residents and stakeholders. The online open presents the same information as the in-person open house, and stakeholders could access the information and submit feedback on their own time. The deadline to participate was extended from March 31 to April 30.
Key statistics from the online open house as of 3/31/2017:

- The online open house was attended by 70 unique users
- The average amount of time that each visitor spent visiting the site was 4 minutes 11 seconds
- Most new online open house visitors (67%) came directly to the site
- Most site referrals (11% of total visitors) came from the City of Tukwila website
- Most visitors identified that they heard about the online open house via the postcard (27%)
- Online open house attendees primarily lived in the 98188 (36%) or the 98168 (27%) ZIP Codes

The City of Tukwila also set up a dedicated project email (PublicSafetyPlan@TukwilaWA.gov) that community members could use to directly submit comments and questions.

Notification and Engagement Tools

A variety of notification and engagement tools were used to advertise the in-person and online open houses and inform Tukwila residents about the Public Safety Plan. These tools included:

<table>
<thead>
<tr>
<th>TOOL</th>
<th>DETAIL</th>
</tr>
</thead>
<tbody>
<tr>
<td>PROJECT WEBSITE</td>
<td><strong>Description:</strong> The project website (<a href="http://tukwilawa.gov/public-safety-plan">tukwilawa.gov/public-safety-plan</a>) contained project updates, a link to the online open house, the project email address and information from the 2016 Public Safety Bond.</td>
</tr>
<tr>
<td>POSTCARD</td>
<td><strong>Description:</strong> A postcard (<a href="#">see Appendix I</a>) highlighting the date and location of the in-person open house and the access information for the online open house was mailed to all Tukwila households (approximately 10,000 addresses). <strong>Distribution date:</strong> Thursday, March 2</td>
</tr>
<tr>
<td>POSTERS</td>
<td><strong>Description:</strong> Posters were distributed to key community gathering locations such as coffee shops, grocery stores, libraries, and churches. The poster and a full list of distribution locations is included as <a href="#">Appendix II</a>. <strong>Distribution date:</strong> Tuesday, March 7</td>
</tr>
<tr>
<td>FLYER (KID MAIL)</td>
<td><strong>Description:</strong> Flyers (<a href="#">see Appendix III</a>) were distributed to students at Tukwila schools. <strong>Distribution date:</strong> Thursday, March 9</td>
</tr>
<tr>
<td>TUKWILLA REPORTER</td>
<td><strong>Description:</strong> Notice of the event was published in the February and March editions of the Tukwila Reporter.</td>
</tr>
<tr>
<td>SOCIAL MEDIA</td>
<td><strong>Description:</strong> The City posted information about the open house on both their Facebook and Twitter feeds. In addition, the City created a Facebook event for the open house. This event was boosted for the eight days in advance of the open house to provide it with additional visibility to Tukwila residents.</td>
</tr>
</tbody>
</table>
Overview of Feedback from In-Person and Online Open Houses

Participants who attended the project’s in-person and online open houses were asked how new facilities could support their community. A summary of the feedback that they provided is highlighted below:

**Fire Stations—**
- Include meeting rooms that community members could use
- Make the fire stations easier to find using signage so that kids and community members can visit
- Provide services such as community CPR and fire extinguisher trainings, as well as disaster prevention education programs

**Justice Center—**
- Facilitate the work of community engagement and Neighborhood Watch programs by providing support and meeting space
- Provide additional clarification at future open houses on how holding facilities will be incorporated into the Justice Center, including detail on the maximum number of detainees and the maximum length of time they could remain at the Justice Center
Participants were also asked how close to or far from various community features they would like the new Justice Center to be located. In-person and online open house visitors provided the following input:

<table>
<thead>
<tr>
<th>Feature</th>
<th>Close to</th>
<th>Far from</th>
</tr>
</thead>
<tbody>
<tr>
<td>Major roadways and transit routes</td>
<td>23</td>
<td>2</td>
</tr>
<tr>
<td>Schools</td>
<td>2</td>
<td>9</td>
</tr>
<tr>
<td>Existing City buildings</td>
<td>2</td>
<td>16</td>
</tr>
<tr>
<td>Local businesses</td>
<td>5</td>
<td>14</td>
</tr>
<tr>
<td>Residential areas</td>
<td>2</td>
<td>7</td>
</tr>
</tbody>
</table>

Color key: least ➔ most

**PUBLIC WORKS SHOP FACILITY—**

- Partner with local schools to provide trainings to students and residents
- Incorporate a radio room

**Overview of Feedback from Internal Informational Events**

City employees who attended the project’s internal informational events were asked how new facilities could support their community. A summary of the feedback that they provided is highlighted below:

**FIRE STATIONS—**

- No new comments.

**JUSTICE CENTER—**

- Provide additional clarification at future open houses on how holding facilities will be incorporated into the Justice Center, including detail on the maximum number of detainees and the maximum length of time they could remain at the Justice Center
- Publicly available conference rooms; adequate number and size of meeting rooms
- Major investments in technology
- Host events
- Training for youth
- Shuttles for kids and youth to the Tukwila Community Center

City employees were also asked how close to or far from various community features they would like the new Justice Center to be located. In-person and online open house visitors provided the following input:

<table>
<thead>
<tr>
<th>Feature</th>
<th>Close to</th>
<th>Far from</th>
</tr>
</thead>
<tbody>
<tr>
<td>Major roadways and transit routes</td>
<td>12</td>

<td>0</td>
</tr>
</tbody>
</table>

Color key: least ➔ most
PUBLIC WORKS SHOP FACILITY—

- More resources are needed for the Sign Shop
- Adequate parking
- Updated technology and communication facilities, including email and computer access, and related training
- Combine PW engineering staff with maintenance staff to have more efficient daily operation

Next Steps

All comments gathered from community members are being shared with the project team and City Council as they continue work associated with selecting sites and programming new facilities. The City will share a summary of comments with the community in summer 2017.

Appendix I: Online Open House Stations

Welcome

To ensure that residents, businesses, and visitors are safe for decades to come, the City is implementing a Public Safety Plan to upgrade some of Tukwila’s fire stations, the Police headquarters, the municipal court, and the public works shops. Tukwila voters approved a Public Safety Bond in November 2019 to help fund these important safety improvements.

We want to hear from you!

Since November, the City has been hard at work planning for these upgraded facilities. We’d like to share what we’ve done and hear from you. Your thoughts and perspectives will be key to the successful implementation of the Public Safety Plan.

We’ve extended the online open house through the end of April to allow additional opportunities for people to participate.

Please sign in:

What ZIP code do you live in?

- 98178
- 98188

How to use this online open house

- Visit each station listed at the top of this page to learn more about the Public Safety Plan and its components.
- Additional information within each station can be accessed by clicking on and expanding headings.
- Many stations include opportunities for you to provide your thoughts on how facilities could support your community. Please fill out at the end of each section.
- Click the “Next” button or select any tab at the top of the page to move around the open house.
- Take notes using the spaces at the bottom of the page. Any notes that you take will move with you as you navigate from station to station.

If you would like to read more about the Tukwila Public Safety Plan or the Public Safety Bond before you get started, visit here.

Take notes as you go

Use this field to jot notes for yourself as you move through the online open house. Your notes on each page will transfer to the comment form.

Public Safety Plan

To keep the Tukwila community safe for years to come, the City implemented a Public Safety Plan. Here’s what the Plan does:

Three New Fire Stations

- Includes upgrades to stations most at risk of earthquake damage
- Provides bar and improved response times
- Guarantees funding for equipment for 20 years

New Justice Center

New Consolidated Shops Facility

Funding the Public Safety Plan

In November 2016, Tukwila voters approved a 20-year Public Safety Bond to fund replacement of three Tukwila fire stations, the new police station, equipment, and a new Justice Center.

This Public Safety Bond will pay for the new fire stations and the Justice Center. The consolidated shop facility will be funded by equal contributions from the general and utility funds.

The total cost of all facilities and fire apparatus is anticipated to be about $112 million. About $77 million of this funding will come from the Public Safety Bond. An additional $35 million comes from fire impact fees. The current anticipated budget for each component of the Public Safety Plan is:

- $24.4 million for Fire Stations 1, 52 and 54
- $29.9 million for Fire Station Apparatus/Equipment
- $21.8 million for the Justice Center
- $24.5 million for the Public Works Shop
Fire Stations

Fire stations 51, 52 and 54 need to be replaced and potentially relocated so that they can better serve the community.

Why are three new fire stations needed?

- Stations need to be appropriately located in the community. Data-driven research will help to provide fair and improved response times.
- State-of-the-art upgrades can help to improve response times. Bi-fold doors, for example, can help fire fighters respond to emergencies more quickly.
- Existing stations would not hold up in a major earthquake. This would make it impossible to provide needed aid.
- Additional indoor storage space would help to reduce stress on trucks and equipment. This reduces costs associated with replacing equipment.

The City will consider the following requirements when determining whether or not a fire station should be relocated to better serve the community:

Response time requirements

Operational requirements

Policy requirements

What happens next? The City will consider the feedback that you provide. We will come back to you this summer to let you know what we heard and share additional information about station design and siting.

Justice Center

The Justice Center should be located...

Move the slider to the right or left to show how close to or far from the following locations should be in relation to the Justice Center.

Support your community?

What we heard from you before
The Justice Center should consider:
- Expectability to accommodate future needs
- Security for the public and staff
- Feasible street access
- Opportunity to enhance a neighborhood
- Sustainability

The existing police headquarters...

- Has a department that has grown 10 percent in the past 10 years. The department is split up into three different facilities, which have created significant inefficiencies.
- Does not have adequate holding facilities. This leaves officers away from patrol to guard inmates.
- Does not have enough space to effectively store evidence and records. This limits the department’s administrative capacity.
- Does not have a adequate space for training and other programs.

The existing municipal court...

The City will consider the following requirements to determine where the Justice Center should be located to best serve the community:

Police headquarters requirements

Municipal court requirements

Shared requirements

Take notes as you go

Use this field to jot notes for yourself as you move through the online open house. Your notes on each page will transfer to the comment form.

Email address:
Public Works

Tukwila’s existing Public Works shop facilities are aging and not serving the community effectively.

Why is a consolidated shop facility needed?

- Existing shops could be heavily affected by a natural disaster. Both facilities are located in a floodplain and neither would hold up in a major earthquake.
- Shops are out of storage space. This is inefficient and often requires staff to travel offsite to get needed supplies and equipment.
- Existing infrastructure makes disposal of hazardous waste challenging.
- Shops do not provide adequate facilities for staff.

How else could the shop facility support your community?

The City will consider the following requirements to determine where the shop facility should be located to best serve the community:

Operational requirements

Policy requirements

What we heard from you before
The shop should consider:
- Expandability to accommodate future needs
- Sustainability
- Opportunity to enhance a neighborhood

What happens next? The City will consider the feedback that you provide. We will come back to you this summer to let you know what we heard and share additional information about site considerations for the shop facility.

Overview and Goals

We wanted to help community members understand:

• The purpose, goals and general timeline of the PSP

• How they could help guide and influence PSP implementation
Outreach Opportunities

• In-person, public open house and pancake breakfast on Saturday, March 18th, at Fire Station 54.

• Two internal open houses:
  • Weds, 3/22, 7:30-9:30 am, Station 51
  • Fri, 3/24, 1-3 pm, Court/Council Chambers

• Online open house

• Dedicated e-mail address: publicsafetyplan@tukwilawa.gov

Overview of Feedback from the Public

• **FIRE STATIONS**—
  • Include meeting rooms that community members could use
  • Make the fire stations easier to find using signage so that kids and community members can visit
  • Provide services such as community CPR and fire extinguisher trainings, as well as disaster prevention education programs

• **JUSTICE CENTER**—
  • Facilitate the work of community engagement and Neighborhood Watch programs by providing support and meeting space
  • Provide additional clarification at future open houses on how holding facilities will be incorporated into the Justice Center, including detail on the maximum number of detainees and the maximum length of time they could remain at the Justice Center

• **PUBLIC WORKS SHOP FACILITY**—
  • Partner with local schools to provide trainings to students and residents
  • Incorporate a radio room
Overview of Feedback from Staff

• **FIRE STATIONS**—
  • No new comments.

• **JUSTICE CENTER**—
  • Provide additional clarification at future open houses on how holding facilities will be incorporated into the Justice Center, including detail on the maximum number of detainees and the maximum length of time they could remain at the Justice Center
  • Publicly available conference rooms; adequate number and size of meeting rooms
  • Major investments in technology
  • Host events
  • Training for youth
  • Shuttles for kids and youth to the Tukwila Community Center

• **PUBLIC WORKS SHOP FACILITY**—
  • More resources are needed for the Sign Shop
  • Adequate parking
  • Updated technology and communication facilities, including email and computer access, and related training
  • Combine PW engineering staff with maintenance staff to have more efficient daily operation
Where do you think the new Justice Center should be located? Place a dot where the Justice Center should go.

The Justice Center should be located
