How would you spend \$100,000 to improve Tukwila?

The People's Project is Tukwila's first-ever Participatory Budgeting (PB) initiative. The Tukwila community gets to decide how the City spends \$100,000 set aside to fund city improvements. TukwilaWa.gov/ThePeoplesProject

The People's Project

With your input, \$100,000 can spark creative, lasting improvements across Tukwila.

What \$100,000 Can Fund in Tukwila's People's Project

While this amount can't build a new park or repave a major street, it can deliver small but meaningful projects that neighbors will see and enjoy.

What \$100,000 Can Do (Examples)

- **Art:** Murals, sculptures, mosaics, or artistic landscaping that brighten public spaces.
- **Education/Historical:** Small exhibits, plaques, or storytelling projects that celebrate Tukwila's diverse history and culture.
- **Health & Wellness:** Water fountains, community garden plots, or outdoor exercise equipment.
- **Recreation:** Benches, picnic tables, play features, basketball hoops, or minor court upgrades.
- **Safety:** Crosswalk improvements, flashing beacons, speed humps, stop signs, curb ramps, or pedestrian lighting.

What \$100,000 Can't Do

- Construct new buildings, bathrooms, or entire parks.
- Repave major roads or install new traffic signals.
- Fund multi-year programs or permanent staff.
- Cover citywide or large, multi-site projects.

Keep in Mind

- **Think small but visible** — projects residents can point to and be proud of.
- **Be specific** — focus on one location or clear need.
- **Aim for impact** — improvements that benefit many and last for years.
- **Be imaginative** — don't feel limited by these examples! If you have a creative idea that fits within \$100,000, we want to hear it.
