

Capital Improvement Projects 2015

Division:	Bridges
Project Name:	I-5/Klickitat Dr - Unstable Slope/Elevated Walkway
Location:	Klickitat Dr at I-5 Southbound on-ramp
Description:	The slope above the Klickitat Drive retaining wall on WSDOT right-of-way became unstable and started to slide in March 2014. The landslide damaged the foundation of the Tukwila owned elevated timber walkway. Tukwila is responsible to provide plans and specifications for the walkway repair portion for the WSDOT slope stabilization contract.
Funding:	WA State Emergency grant funding, City 104 Fund
Project Status:	Design completion is due in late June 2014.
Estimated Timeline:	Construction completed by a WSDOT contractor on December 21, 2014.
Project Number:	91410406
Project Manager:	Grant Griffin
Last Updated:	6/8/2015
